NOTES CONNECTED WITH G.O., No. 41 I., DATED 18TH JANUARY 1905.

[*Subject.—Honorarium to Major Lotbiniere, R.E.*]

From the Government of India, No. 1583 *C.W.I, dated* 28*th October* 1904.

Under Secretary—

In G.O., No. 646 I., dated 13th June 1904, the Government sanctioned an approximate estimate, amounting to Rs. 1,800, submitted by Major deLotbiniere, R.E., to meet his travelling and other incidental expenses in connection with the preparation of a report on the scheme for the utilization of the Periyár water power. Major deLotbiniere was also requested to submit a monthly return of the expenses incurred by him on this estimate. In letter No. 647 I., dated 13th June 1904, a copy of the above proceedings together with a copy of the Inspection notes of the Chief Engineer for Irrigation for January 1904, in which he suggested the possibility of guaranteeing a constant discharge of 500 cusecs throughout the year from the Periyár lake for the development of power, was forwarded to the Government of India who were informed that, before obtaining the services of an electrical expert from England, this Government had with the consent of the Mysore Darbar entrusted Major deLotbiniere with the preparation of a preliminary report on the scheme, which was expected shortly. In letter No. 774 I., dated 14th July 1904, Major deLotbiniere's report on the Periyár power scheme was sent to the Government of India with the suggestion that, should the scheme commend itself to His Excellency the Governor-General in Council, the report be submitted to the Secretary of State with a request that an electrical expert might be sent out to prepare an accurate estimate on the spot and arrange for the purchase and erection of the plant.

In the meantime, the Government of India remarked that this Government's letter No. 647 I., dated 13th June 1904, was silent in regard to the remuneration to be paid to Major deLotbiniere and enquired what remuneration was proposed. In letter No. 813 I., dated 25th July 1904, it was intimated that the Governor in Council considered that in addition to actual travelling and contingent expenses, Major deLotbiniere should be given an honorarium of Rs. 1,000 which, it was requested, might be sanctioned. The Government of India have accordingly sanctioned the grant of the above amount in addition to actual travelling and contingent expenses.

Letter No. 1583 C.W.I., dated 28th October 1904.

A | It will be observed from page 1 of the notes kept with G.O., Nos. 812–13 I., dated 25th July 1904, that the Financial Department stated that, as Major deLotbiniere was employed under the Mysore Darbar, the Darbar should certify, with reference to article 72 (*a*) of the Civil Service Regulations, that the work done by him was special and outside the ordinary course of his duties and that it did not interfere with the discharge of those duties.

The Mysore Darbar can, it is believed, have no objection to the grant of the honorarium, but it is submitted that the sanction of the Government of India may be intimated to the Darbar and their formal consent obtained. A draft is submitted below for approval, which may be sent to Political and Financial Departments for acceptance.

In this connection it is brought to notice that of the Rs. 1,800 sanctioned in G.O., No. 646 I., dated 13th June 1904, for travelling and other expenses of Major deLotbiniere, and placed at his disposal, Rs. 1,000 were subsequently refunded by him and credited to Public Works Department. Of the balance of Rs. 800 Major deLotbiniere has sent in accounts for Rs. 777-13-0—

An account for the month of August was promised in Major Lotbinière's letter No. 1016 C.P.S., dated 26th August 1904. On his being reminded in letter No. 215-O., dated 22nd September 1904, one of his Assistants reported on 24th September 1904 that Major Lotbinière was away in Kashmir on deputation and that the account for August would be sent as soon as he returned. A draft letter* to Major Lotbinière is also submitted for approval which may issue as from the Chief Engineer for Irrigation.

To

THE HONOURABLE THE RESIDENT IN MYSORE.

SIR,

In continuation of my letter No. 827 I., dated 1st August 1904, I am directed to state that the Government of India, to whom the arrangements made with the Darbar for the utilization of the services of Major A. J. deLotbiniere, R.E., in connection with the Periyár Power scheme were reported, enquired what remuneration it was proposed to give him for his services. His Excellency the Governor in Council considered that in addition to actual travelling and contingent expenses, Major Lotbiniere should be given an honorarium of Rs. 1,000 and the sanction of the Government of India was accordingly applied for to the payment of that amount. That Government have now sanctioned the honorarium recommended.

2. I am directed to request that you will be so good as to obtain the formal consent of the Darbar to the acceptance of the honorarium by Major Lotbiniere, and to convey to that officer the thanks of the Madras Government for his interesting report on the Periyár Power scheme.

I have the honour to be,
Sir,

The Resident in Mysore was asked whether Major A. Joly de Lotbinière R.E. of the Mysore Public Works Dept could be spared for a period of two months to advise this Govt on the best way of utilizing the Periyar water for the development of power.

The Resident replied to the effect that although Major de Lotbinière could not be lent to this Govt for the period mentioned, there would be no objection to his paying short visits to the Periyar and localities where it is intended to use power. It was further stated that he would be able to collect data by correspondence, so as to be in a position to write a report in Bangalore for the information of the Madras Govt.

On 11.5.04 the Resident was informed that the Govt of Madras would be glad to receive Major de Lotbinière's report.

Will Financial kindly advise whether (1) Major de Lotbinière should receive compensation for work

of this kind, and if compensation is allowable, how the amount should be determined.

Major de Lotbinière R.E. of the Mysore P.W.D. is a P.W. Dept. officer employed on foreign service and as such, remains while on that service subject to the general and disciplinary rules which apply to officers on active Govt service.

§ 758(V), C.S.R.

The rules regulating the grant of honoraria to officers in Govt service are given in articles 71 to 74 of the C.S.R. The present case is apparently governed by art. 72, C.S.R. according to which "a honorarium may "be granted to an officer from General Revenues "..... when the head of his dept. certifies that the "work is special and outside the ordinary course "of the officer's duties and that it does not interfere "with the discharge of those duties". The

Mysore

Mysore State should certify to the above effect before a honorarium is granted. The work from its nature [ink blot] to be special & outside the ordinary course of the officer's duties and an honorarium appears to be admissible [unless the Mysore State compels the officer to undertake the work without any honorarium]

As for the amount, the Local Govt can sanction up to Rs. 500 and (or Rs. 200, in case the charge is Imperial) if the honorarium exceeds Rs 500, the consent of the Govt of India in the Finance Dept must be obtained to the payment of ~~a specific~~ the sum before the work is begun.

If the charge is to be Imperial, the limit is only Rs. 200.

§ 72 (b) + (c), C.S.R.

With refce to the query of the P. W. D. (I) as to how the amount should be determined, it is submitted that this is a matter for decision by the administrative dept themselves who are aware of the magnitude of the task involved.

CHIEF SECRETARY
11 JUN 1904
GOVERNMENT OF MADRAS

The case relates to the Public Works Department and the Officer most competent to advise upon it is the Examiner of Public Works Accounts. I would, therefore, suggest a reference to him.

Had the case related to the Civil Department I should have said that it was one that should be referred to the Government of India. Major de Lotbiniere is a British Officer in Foreign service, and his transfer to that service and the rate of his salary while employed there ~~have~~ has been fixed by the Government of India in the Foreign Department. Any increase to Major Lotbiniere's remuneration while employed in that service will require the sanction of the Government of India. Probably Madras will be required to bear the cost of the work to be done, but it does not follow that Major Lotbiniere will be allowed to receive the amount Madras pays. In a case such as this the Government of India is the authority under which the Officer, whose services it is wished to utilize, should be considered to be serving, and the sanction of that Government to Major Lotbiniere's receiving whatever remuneration Government decides to give should be obtained. I think, too, that the case may be brought under the provisions of article 72 of the Civil Service Regulations. Attention is invited to the provisions of article 72 (c)

There are no precedents for guidance, but apparently the right course would have been to have followed C.S.R 72 (c), though in a case of this kind you cannot estimate the value of a report before doing it.

As Major de Lotbinière has already sent in a report dealing with a portion of the subject, and says that the complete will shortly follow, it is submitted that the question of an honorarium may lie over till the report has been received.

Major Lotbiniere was also -- requested to submit a monthly return of the expenses incurred by him on this estimate. In letter No.647-I, dated 13th June 1904, a copy of the above proceedings together with a copy of the Inspection Notes of the Chief Engineer for Irrigation for January 1904, in which he suggested the possibility of guaranteeing a constant discharge of 500 cusecs throughout the year from the Periyar lake for the development of power, was forwarded to the Government of India who were informed that before obtaining the services of an electrical expert from England, this Government had with the consent of the Mysore Darbar entrusted Major Lotbiniere with the preparation of a preliminary - report on the scheme, which was expected shortly. In letter No.774-I, dated 14-7-04 Major Lotbiniere's report on the Periyar power scheme was sent to the Government of India with the suggestion that, should the scheme commend itself to His Excellency the -- Governor-General in Council the report be submitted to the Secretary of State with a request that an - electrical expert might be sent out to prepare an accurate estimate on the spot and arrange for the purchase and erection of the plant.

It will be observed from pages 2 & 3 of the Notes that the Financial Dept. stated that as Major Lotbiniere was employed under the Mysore Darbar, the Darbar should certify with reference to Article 72 (a) of the C.S.R. that the work done by him was special and outside the ordinary course of his duties and that it did not -- interfere with the discharge of those duties. The Mysore Darbar can, it is believed, have no - objection to the grant of the honorarium, but it is - submitted that the sanction of the Government of India may be intimated to the Darbar and their formal consent obtained. A draft is submitted below for approval, which may be sent to Political and Financial Departments for acceptance.

In this connection it is brought to notice that of the Rs1,800 sanctioned in G.O., No.646-I, dated 13th June 1904 for travelling and other expenses of Major Lotbiniere, and placed at his disposal Rs1,000 were - subsequently refunded by him and credited to P.W.D. As the consent of the Darbar to the acceptance by Major Lotbiniere of the honorarium will amount to the certificate referred to at A, it was, it is submitted, considered unnecessary to call for a certificate in the terms of Article 72-A of the Civil Service Regulations especially after the honorarium had been sanctioned by the Government of India, an authority superior to the Mysore Darbar.

directed to state that the Government of India, to whom the arrangements made with the Darbar for the utilization of the services of Major A.J. de Lotbiniere, R.E., in connection with the Periyar Power scheme were reported, enquired what remuneration it was proposed to give him for --- his services. His Excellency the Governor in Council considered that ~~[illegible]~~ in addition to actual travelling and contingent expenses, Major Lotbiniere should be given an honorarium of Rs 1,000 and the sanction of the Government of India was accordingly applied for to the payment of that amount. That Government have now sanctioned the honorarium recommended.

2. I am directed to request that you will be so good as to obtain the formal consent of the Darbar to the acceptance of the honorarium by Major Lotbiniere, and to convey to that officer the thanks of the Madras Govt for his interesting Report on the Periyar Power Scheme.
